

Our Vision

Catholic Education Week 2010

To be a school community that

- **is welcoming with genuine friendliness, concern and sense of community**
- **encourages the value of hard work**
- **encourages staff to reflect on the Gospel and its call to mission**
- **recognizes the uniqueness of each student as a gift of God**
- **is joyful, optimistic and genuinely happy**
- **speaks of Jesus' love through the strength of the loving kindness of our staff**
- **seeks opportunities for celebration**
- **recognises and expresses our Catholic Tradition with signs and symbols of our faith, in Eucharistic celebration, and through our Religious Education Programme.**

Please use the accompanying notes to highlight to our pupils how the Vision we have for all young people is lived out each day in our school. Please invite all pupils of our school community to grasp the opportunities they are offered, to develop the talents they have been given and so live life to the full.
